Uniform Evidence in Australia, 3rd edition

Richard Weinstein, John Anderson, Judith Marychurch, Julia Roy

A comprehensive commentary and analysis of Australian uniform evidence law

This book contains a comprehensive multi-jurisdictional commentary and annotation to the uniform Evidence Acts, the prime source of evidence law in the Commonwealth, New South Wales, Victoria, Tasmania, the Australian Capital Territory and the Northern Territory. Its user-friendly approach combines commentary on the operation of the uniform Acts in each jurisdiction with a synthesis of the large body of cases, rules and related legislation. Understanding of the Acts' operation and interpretation is further enhanced by reference to the common law principles that are enshrined in, replaced or supplemented by individual provisions. Commentary is extensively cross-referenced to other related provisions, and relevant practice notes, examples and a useful Glossary are provided.

To be released June 2020

Commercial Law 5th edition

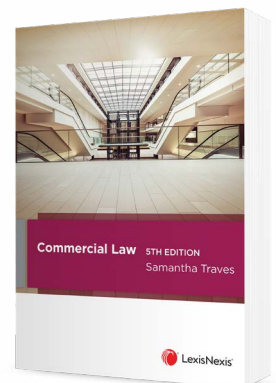

Samantha Traves

A comprehensive commentary and analysis of Australian uniform evidence law

Commercial Law provides a clear, concise and accessible introduction to the fundamental concepts of commercial law. It describes and explains both the traditional areas of commercial law and other discrete areas of law that are now essential to successful modern commercial practice.

The fifth edition has been extensively updated to include recent developments in case law and legislation, such as:

- Application of the statutory guarantees and indemnity provisions in the Australian Consumer Law
- Statutory reform to the Personal Property Securities Act
- Application of the Electronic Transactions Act in the context of commercial transactions
